

Medical chair mat

Model:PDC-WM12M-RJ-9-150

CHARACTERISTICS OF MODEL NO:PDC-WM12M-RJ-9-150

Material	PVC
Material characteristics	Meet Rohs.Reach and NO P
Dimensions(Tolerance : ± 2mm)	300x300x4.6(mm)
Contact form	N/C normally closed
Max switching voltage	30 VDC
Max switching current	0.25 Amps DC resistive
Max carry current	0.25 Amps DC resistive
Contact resistance	< 1K Ω
Temperature range	-10 to 60°C
Cable length	150cm+/-5cm
Plug	RJ-9 plug
Features	<ul style="list-style-type: none">•Can be used with Mat Alarm Siren (MFT-1000-W-NC)•Sensor pads are designed without holes to increase their water resistance and lifespan.•Slim design provides patients with a comfortable seating environment.•Large pad size helps reduce false alarms.
Warranty	One year warranty
